Paul and Gary re Pedro Charles letter already sent,

I will be sending the Archives letter on my added request. They sent me the envelope. It is not addressed to the Paine residence, despite the language of CD87:308. It is addressed to LHO at "Mail Office, Dallas", no more. It is noted as received 12/5/63, but not by whom or where.

While this is not what the SS report says, it in no way laters the possible significance I originally attributed to it, nor does to prove to mean this. I shall be attempting to get the rest of the file.
